

IN ADMIRATION OF MUSIC

**DALI FAZON SUB 1**

## NEW DALI FAZON SUB 1 - Great Sonic Performance

Following the trend of compact, stylish products delivering remarkable performance, the FAZON SUB 1 sets out to impress music- and movie lovers. Although small in size it is among the highest performing ultra compact subwoofers in the market. With dimensions of only 255 x 230 x 255 mm FAZON SUB 1 is the most compact subwoofer ever built by DALI.

With a careful balance between signal equalization and time response that allows a well-defined and tight bass that follows the signal, the new FAZON SUB 1 offers musical and natural bass performance.

DALI FAZON SUB 1 features:

- 6½" long-stroke, down-firing woofer mounted in a closed cabinet for natural bass reproduction and perfect acoustic coupling to the room.
- Acoustics are developed with a sonic balance offering great performance on music as well as movies.
- Applying only subtle equalization ensures ultra low signal delay, effectively putting this compact subwoofer in a class of its own. The fast bass delivers perfect timing with the sound coming from the speakers.
- Soft, absorbent high-grip rubber feet eliminate transmission of residual resonance to surfaces such as wooden floors.
- Includes controls for setting gain (volume), absolute polarity (phase) and upper cut-off frequency.
- Low power consumption. Auto power off -automatically switches to energy saving idle mode (below 1 Watt) when sound is off.
- Optimized for corner position.
- The FAZON SUB 1 integrates well with any type of speakers. Engineered for a perfect match with our compact FAZON SAT speakers. Will also complement the FAZON LCR /MOTIF LCR speakers in 2.1 or even 5.1 installations.

Technical Specifications:

Frequency Range [+/- 3dB, Hz]	37 - 200
Nominal Impedance [ohm]	22
Maximum SPL [dB]	103
Max Amplifier Power Output [Watt RMS]	150
Cont. IEC Power Output [Watt RMS]	90
Crossover Frequencies [Hz]	50 - 150
Low Frequency Drivers [inches]	1 x 6½"
Enclosure Type	Closed
Connection Inputs	Stereo line level, mono line level LFE (RCA connectors)
Recommended Placement	Floor, near wall/corner
Magnetic Shielding	No
Standby Power Consumption [Watt]	<1.0
Idle Power Consumption [Watt]	11
Max Power Consumption [Watt]	195
Dimensions [H x W x D, mm / inch]	255 x 230 x 255 / 10.0 x 9.10 x 10.0
Weight [kg/lb]	7.5/16.6
Accessories	Power cord
Finishes	Black and white high gloss lacquer
