

Trend Micro

TITANIUM INTERNET SECURITY

Advanced online protection for you and your family

Trend Micro™ Titanium™ Internet Security provides advanced protection and privacy for your digital life - keeping you, your family, and your valuable digital files safe. It's designed to safeguard you on social networks like Facebook, Google+, and Twitter.

Titanium Internet Security delivers **the fastest* protection against new web threats** - unlike other security solutions that leave you exposed to threats for longer periods of time. It also leads in guarding against identity theft with **a #1 rating* in phishing detection**.

With Trend Micro software, you can relax and enjoy your digital life safely. It makes security effortless by providing you with a friendly interface that's a snap to install. Also, it gives you simple screens and clear, easy-to-understand reports.

Trend Micro - protection and privacy for your digital life.

MSRP 3 PCs/1 year \$79.95

KEY BENEFITS

Protects against Viruses

Blocks viruses, spyware, worms, and Trojans, preventing infection of your computer

Blocks Dangerous Websites

Protects against spyware by identifying dangerous links in websites, social networks, emails, and instant messages

Guards against Identity Theft

Detects spam emails containing phishing scams that can trick you into revealing private personal information

Provides Safe Search Results

Identifies safe and dangerous links in search engines so you can browse without having to worry about online threats

Safeguards Children Online

Lets you restrict or filter website access for kids with powerful parental controls

EXCLUSIVE! Manages Your Online Privacy

Allows you to limit access to personal data by managing your privacy settings in Facebook, Google+, and Twitter

WHY IT'S BETTER

With expertise gained over 25 years, Trend Micro is a security software leader that delivers:

- The fastest protection against new web threats*
- The best phishing detection rates, guarding against identity theft*
- Unique cloud-based protection, safeguarding our customers from 30 million threats per day

* NSS Labs 2013
