

PRIME 5X

Night Vision Monocular

Designed to offer the best possible performance at the lowest possible cost, the Armasight Prime is an exceptional 1st Generation night vision monocular. Whether you want to use it for camping, hunting, boating or security, the Armasight Prime will help you look out into the night, revealing a whole new nocturnal world previously hidden by darkness.

The Armasight Prime is more than just an entry-level device – it is both compact and light-weight, and outperforms many other Gen 1 night vision monoculars in its class.
