HIGHLIGHTS

Classic milk frother

The classic milk frother on this Gaggia Espresso machine, traditionally called "Panarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato or more. It also delivers hot water for tea.

15 Bar

The 15bar pressure of your Gaggia coffee machine will make sure you always get the authentic Espresso taste.

Coffee pods compatible

Our Gaggia manual machines come with a coffee filter for 1 or 2 cups of ground coffee, and a special

filter for so called ESE (easy serve Espresso) pods. These ESE pods are perfectly portioned and make it easier to operate a manual Espresso machine.

Cup warmer

Your Gaggia Espresso machine has an energy-efficient integrated heating element to provide pre-warmed coffee cups. Pre-warming a cup will ensure your Espresso stays hot for longer.

Pressurized filter holder

The pressurized filter holder on your Gaggia machine will create an Espresso with the perfect Crema.
