SanDisk® SSD PLUS

Step up to SSD speeds

Performance

- Up to 20X faster than a typical hard disk drive¹
- Boosts burst write performance, making it ideal for typical PC workloads
- Faster boot-up, shutdown, application load and response¹

Proven Reliability

- Shock resistant for proven durability²—even if you drop your computer
- SanDisk SSD Dashboard monitors drive status and software updates³
- Generous battery life

Inject new life into your laptop or desktop PC with a durable solid state drive from SanDisk®. You'll experience quicker boot-up and shutdown, quicker application response and data transfer speeds than with a typical hard disk drive¹, at just a fraction of the cost of a new computer. SLC caching boosts burst write performance, making it ideal for typical PC workloads such as web browsing, email, casual gaming, office productivity, and audio/video entertainment. Plus a solid state drive doesn't overheat, make noise or burn through battery. SanDisk SSDs are resistant to shock, vibration and temperature extremes², so your SSD keeps working, no matter where or how hard you use your computer.
