Exceed workgroup expectations with the HP LaserJet 4200 and HP LaserJet 4300 series’ consistently high performance and print quality. Intelligent, versatile and reliable, these monochrome printers offer a wealth of features designed to make them easy to use and manage.

Set a new performance standard and achieve increased productivity within the workgroup.
- Save time and improve productivity with printing speed up to 33 ppm with the HP LaserJet 4200 series and up to 43 ppm with the HP LaserJet 4300 series.
- Print complex documents faster, with a quicker return to the application with fast processors and standard memory of 48 MB RAM for the HP LaserJet 4200 (64 MB on the n/tn/dtn/dtnsl models) and 64 MB for the HP LaserJet 4300 (80 MB on the n/tn/dtn/dtnsl models).
- No warm-up time with the instant-on fuser and a first page out in under 8.5 seconds.
- No performance compromise with high quality output of 1200 dpi at full speed.
- Simplify workflow with document management features like proof and hold, private printing and quick copy.

More versatile solutions you can tailor to your workgroup’s document creation and management needs.
- Share fast, reliable printing and best-in-class security with HP Jetdirect EIO print server*.
- Enjoy flexible connectivity via HP’s accessible architecture with EIO interface and many partner solutions for most network environments.
- Improve efficiency with a variety of paper handling solutions: increase the input capacity to 2,600 sheets with additional 1,500-sheet tray; be more productive with duplex, envelope feeder, stapler and stapler/stacker accessories.
- Upgrade the memory easily to 416 MB.

Simple to use, easy to manage, the intelligent solution to a workgroup’s complex printing demands.
- Effortless management with HP Web Jetadmin allows easy network installation, remote diagnostics and error correction.
- An Embedded Web Server (EWS) provides direct access to the printer via a standard web browser, and allows full control to remotely configure device settings and e-mail alerts.
- Monitor levels of consumables with HP’s smart print supplies system.
- Superior output quality and consistent results with a ‘no shake’ high capacity smart print cartridge.

*Optional with base model.
advanced performance for your workgroup

You need high performance printers you can count on, day after day. So HP has developed proven and reliable technologies to ensure outstanding and consistent print quality, the hallmark of every HP LaserJet monochrome printer. Supported by and compatible with the widest range of software applications and operating systems, the HP LaserJet 4200 and HP LaserJet 4300 series both deliver unrivalled performance. You know you will get quick return to application, fast first page out and fast ongoing print speed. You also get the flexibility to create high quality documents on a choice of media sizes and types, with a wide range of paper handling accessories. Both series are easily upgradeable, and can be expanded to let your workgroups share easily. See the difference in your workgroup’s performance, whichever HP LaserJet printer you choose.

hp technologies lead the way

fast results with hp’s instant-on fusing technology

Our unique instant-on fusing technology delivers an industry-leading first page out time of less than 8.5 seconds on an HP LaserJet 4200 or 4300 series printer, from cold or warm start. No warm-up time is needed, and the printer immediately returns to power-save mode without consuming energy, which saves you money. It also has a very low noise level, so you won’t get disturbed by your printer.

great print quality with hp’s smart print supplies

Smart features enhance print quality, facilitate cartridge installation and supplies management:
- dynamic electrophotographic adjustments and the “no-shake” feature ensure consistent print quality throughout the lifetime of the print cartridge
- supplies status monitoring and proactive e-mail alerts when supplies are low ensure maximum printer uptime and minimum user intervention
- print job assessment and cartridge usage data tracking enables better cost control

hp’s all-in-one print cartridge

- the print cartridge is designed as a closed unit containing toner, the drum and the developer unit, so there is only one item to replace. When the print cartridge is exchanged, all components that are critical for the imaging process are also exchanged, ensuring optimum print quality over the life of the printer
- fitting an HP print cartridge is extremely simple and requires no technical expertise
- magnetic seals prevent toner leakage, keeping the printer and the paper clean

print cartridges with charge rollers for a safer environment

HP’s charge roller technology uses a roller, which is in direct contact with the imaging drum, and no corona wire. The direct transmission of electrical charges to the drum generates virtually no ozone emissions. And no wire means no manual cleaning, saving you time and money.

meeting your workgroups’ needs

easier management control

The HP LaserJet 4200 and 4300 series incorporates advanced hardware and software features to make device management scalable - from a critical single device to your complete network of connected peripherals.
- hp embedded web server (EWS) provides direct access to the hp LaserJet 4200 and 4300 series on the network and allows full control to remotely configure device settings and e-mail alerts, monitor status, and diagnose device problems
- hp web jetadmin enables remote driver installation, configuration, diagnostics, and proactive management for all your network peripherals from a common web browser
- device problems can be resolved quickly with direct access to targeted self-help information via the web

hp jetcaps solutions

HP’s accessible architecture enables the creation, delivery and integration of a wide range of business printing solutions, developed by our global network of HP JetCAPs partners. Products can be mixed, matched and customised to give you the hardcopy solution you require.

Solutions include:
- e-forms and stationery
- corporate design
- barcodes and cheque printing (OCR and MICR)
- printing from SAP R/3 and ERP packages
- secure printing using smart cards
- host printing
- cost-controlled printing and copying
- print job accounting and special industry solutions

hp LaserJet 4200/4300 series accessories

what’s in the box

hp LaserJet 4200 printer: printer, right-angle power cord, control panel overlay, 12,000 pages smart print cartridge, software and documentation on CD-ROM, getting started guide

hp LaserJet 4200n printer: same as base plus hp jetdirect (EIO) 10/100Base-TX print server

hp LaserJet 4200tm printer: same as base plus hp jetdirect (EIO) 10/100Base-TX print server, additional 500-sheet feeder, automatic duplex unit

hp LaserJet 4200dtn printer: same as base plus hp jetdirect (EIO) 10/100Base-TX print server, additional 500-sheet feeder, automatic duplex unit, stapler/stacker accessory (up to 15 pages stapler/up to 500-sheet stacker).

hp LaserJet 4200dtnsl printer: same as base plus hp jetdirect (EIO) 10/100Base-TX print server, additional 500-sheet feeder, automatic duplex unit, stapler/stacker accessory (up to 15 pages stapler/up to 500-sheet stacker).

hp LaserJet 4300 series: same contents but with a hp LaserJet 4300 printer and a 18,000 page print cartridge

hp LaserJet 4200/4300 printer with additional accessories
**technical specifications**

**print speed**
HP LaserJet 4200 series: up to 33 ppm, HP LaserJet 4300 series: up to 43 ppm. First page out: less than 8.5 secs. (Exact speed varies depending on the system configuration, software program, and document complexity.)

**processor speed**

**memory**

**print resolution**
1200 x 1200 dpi. HP LaserJet: 1200 x 1200 dpi, HP Postscript: 600 x 600 dpi, HP Postscript: 300 x 300 dpi.

**printer languages**
HP PCL 6, HP PCL 5e, HP Postscript 3, Macintosh software; and installation.

**paper handling/input**
- **Base model**: 600 sheet standard input capacity (1 x 100 multipurpose, 1 x 500 sheet trays); dtn/dtnsl model: 1500 sheet standard input capacity (1 x 100 multipurpose, 2 x 500 sheet trays). Up to 4 x input bins, 2,600 sheet maximum input capacity. In addition to the base/n model 2 more trays can be added. The printer supports installing of optional 1) x 500 sheet tray and 1 x 1500 sheet tray, 2) 1 x 500 sheet tray, 3) 1 x 1500 sheet tray or 4) 2 x 500 sheet trays.
- **Standard media types**
  - Paper (plain, letterhead, prepunched, bond, colour, preprinted, recycled), transparencies, labels, envelopes, media weights up to 150,000.
  - Media weight: Base/n model: 60 to 199 g/m² A4, letter, legal, executive, B5, legal and custom sizes
  - Duplex printing: 60 to 199 g/m² A4, letter, legal, executive, B5
  - Duplex accessory: up to 60 to 199 g/m² A4, letter, legal, executive, B5
  - Stapler/stacker accessory: up to 60 to 199 g/m² A4, letter, legal, executive, B5

**duplex printing**
Two-sided printing capability: dtn/dtnsl model.

**media types**
Paper: plain, letterhead, prepunched, bond, colour, preprinted, recycled, transparencies, labels, envelopes, card stock, user-defined.

**interface and connectivity**
- **Base model**: EEE 1284-compliant parallel interface port. 2 port expansion for optional HP JetDirect internal print servers for Ethernet 10Base-T, 10Base2, 100Base-TX, TokenRing and Token Ring networks.
- **dtn/dtnsl model**: EEE 1284-compliant parallel port interface. HP JetDirect 10/100 Base-TX print server card, 1 open EIO slot.

**compatible operating systems**
- Microsoft® Windows® 95, 98, Me, NT 4.0, 2000, XP, Apple Mac OS 8.6 to 9.x and 10.1 or greater, basic printer support for DOS, Win 3.1, O8s (drivers not included, download: http://www.hp.com/cposupport) and Linux (driver not included, download: http://www.linux.hp.com).

**standard software**
- CDRom print drivers: HP PCL 6, HP PCL 5e, HP Postscript 3, Macintosh software; and installation.
- Printer software: ( furnish with network bundles)

**control panel**
Intuitive operation and easy to understand messaging, expandable control panel for context-based problem resolution, 4 x 20 graphical display with help features. Messages can be displayed in 20 languages.

**power consumption**
685 watts maximum (printing), 27 watts maximum (standby mode), 25 watts maximum (PowerSave).

**dimensions**
- **Base model**: 412 x 369 x 366 mm, tn model: 412 x 439 x 488 mm, dtn model: 412 x 520 x 488 mm, dtnsl model: 412 x 520 x 470 mm.

**weight**
- **Base model**: 20 kg, tn model: 27 kg, dtn model: 30 kg, dtnsl model: 34 kg.

**printer management**

**operating environment**
Recommended operating humidity: 20 to 80% RH non-condensing, recommended operating temperature: 10 to 32°C. Noise level per ISO 9296: 59.6 cLw (A), HP LaserJet 4200 series: 60.8 cLw (A), HP LaserJet 4300 series: 70.6 cLw (A), HP LaserJet 4200/4300 series: 80.9 cLw (A).

**certifications**

**warranty**
Standard 1 year limited warranty, return to HP/vendor, optional HP Supportpacks available.
