- Rechargeable wireless parent unit
- Always know that you are connected
- Up to 24 hour operation time before recharge

#### **Complete comfort**

- Calming and soothing

**PHILIPS**  
sense and simplicity

# Highlights

## ECO mode

ECO mode allows you to lower your energy consumption and transmission power

## No installation

Ready to monitor from the moment you take it out of the box, simply plug in and switch on

## Zero interference

DECT technology guarantees zero interference from any other transmitting product like other baby monitors, cordless phones and cell phones. Data encryption provides a secure and private connection, so you can be sure that you are the only one that can hear your baby

## Calming and soothing

Help soothe your baby to sleep with the warm tranquil glow of the night light and soft lullabies. Also calm your baby through the 2-way talk from anywhere in the house

## Rechargeable wireless unit

A range of 330m and a comfortable neck cord you have the flexibility to be fully mobile in and around the home.

## Superior operating time

The small, rechargeable parent unit will give you the freedom of cordless roaming for up to 24 hours before re-charging is required

## Choose the best sound

Enables you to adjust the sound and volume levels, so you can hear every giggle, gurgle and hic-up

## Crystal clear sound

Hear every tiny giggle, gurgle and hic-up with perfect clarity. DECT technology provides high quality, crystal clear sound so you can hear your baby anytime

## Sound level lights

Lights are activated to indicate the level of sound in your baby's room. Even with the Parent Unit is muted.
